

Johnson Song

I am a developer and designer who approaches all of my work with curiosity, creativity, and a keen eye for detail.

Experience.

Carta

UX/UI Designer • Jan '21 - Jun '21

Researched, designed, and tested search results and filters page for course selection at Stanford University.

Kangaroo

Head of Engineering • Sep '20 - May '21

Developed first MVP features as founding engineer at startup in the interactive media space.

Facebook

Software Engineering Intern • Jun '20 - Sep '20

Developed MVP for Facebook Gaming.

Daimler

Partner Designer and Developer • Jan '20 - Jun '20

Led user research, wireframes, and prototypes. Developed in-vehicle gaming experience for autonomous driving.

Facebook

Software Engineering Intern • Jun '19 - Sep '19

Developed iOS features for Messenger.

Yext

Software Development Intern • Jun '18 - Sep '18

Developed online presence management systems for clients.

Fun Stuff.

I was born in France and am re-learning to speak French. I have a twin sister. I studied abroad in Florence, Italy for 10 weeks. I am a self-taught campfire guitarist, and I used to make acoustic covers on Vine.
